

Transactions of the International Strabismological Association *Buenos Aires, 11–14 November 2026*

Instructions for Authors and Submission Information

When submitting your paper to the Transactions, please follow the instructions below carefully.

1. Font and formatting

Use the attached ISA Transactions template to ensure correct fonts, size, and formatting.

- a. File format: Word or a compatible editor.
- b. Font: Times New Roman, 11 points.
- c. Line spacing: single.
- d. Margins: left 3 cm; other sides 2–2.5 cm.

2. Main sections of the article

a. Title box. Present the title in bold. List authors as initials followed by the surname, e.g. “A. B. Author”. Use italic font for affiliations (department, institution, city, country). For authors with different affiliations, format as follows: A. B. Author¹, A. B. Author². ¹ University XXX, Department YYY, City, Country; ² University ZZZ, Department, City, Country.

b. Abstract and keywords. Limit to 250 words maximum. Structure the abstract as Objective, Methods, Results, and Conclusions. The abstract should be written as a single paragraph, without a break for each section.

c. Sections for free papers and posters. Include Introduction, Methods, Results, Discussion, Conclusions, and References.

d. References. Number references in the order in which they appear in the text, using Vancouver style. Format each reference as follows: Author(s). Title. Journal Abbreviation. Year; Volume(Issue):Page–Page. List authors by surname and initials without punctuation, including up to six; if there are more than six, list the first six followed by “et al”. Write article titles in sentence case and abbreviate journal names according to Index Medicus guidelines.

3. Figures, tables, and images

All figures, photographs, and tables should be integrated into the manuscript as close as possible to their first mention in the text. Each must be clearly numbered and accompanied by a descriptive legend.

4. Page limits

The total number of pages, including figures, tables, graphs, and references, must not exceed six pages (approximately 3,700–4,000 words). For Named Lectures, the page limit is twelve pages (approximately 7,500–8,000 words). Word counts are indicative; the page limit prevails, and each figure or table reduces the text that will fit.

5. Submission and deadline

Submit your manuscript to isatransactions@isahome.org. The final submission deadline is 31 December 2026, with no extensions allowed.
